

WERNER ELECTRIC NOW OFFERING FASTER ACCESS TO INDUSTRY-LEADING ENCLOSURE AND THERMAL MANAGEMENT SOLUTIONS AS AN AUTHORIZED HOFFMAN ON DEMAND DISTRIBUTOR!

New quick ship program offers a full range of products that are locally available and ready to ship.

June 4, 2019 - Cottage Grove, MN – Werner Electric is now an authorized distributor for nVent HOFFMAN’s new quick ship program, HOFFMAN on Demand.

As an authorized HOFFMAN on Demand distributor, Werner Electric has availability of a full range of core enclosure and thermal management solutions to ensure customers get the solution they need fast.

Based on local needs, the ready-to-ship inventories cover virtually every application, and include HOFFMAN’s industry-leading:

- Pushbutton, junction box, wall-mount, free-stand, floor-mount and modular enclosures
- HMI and industrial wireway
- Thermal management solutions
- Accessories

In addition to offering faster local availability of a full range of products, Werner Electric can also provide pre-modified enclosure and back panels through their **HOFFMAN Certified Modification Center** capabilities. These services offer rapid hole and cutout modifications so customers can eliminate those manual processes and focus on integrating and delivering control solutions to their customers.

For more information about Werner Electric’s participation in HOFFMAN on Demand and their modification services, please visit <https://www.wernermn.com/automation/industrial-control-components/> or email them at contactcg@wernerelec.com.
